# The music lending library

or, as we prefer to call it, The **Musary**.

## WHAT IS THE MUSARY?

Great question! The Musary was founded on the belief that music belongs to everyone. But we know that learning and playing music can be an expensive hobby.

That's why we started The Musary.

The Musary is a recognized 501(c)3 non-profit organization that works to motivate, cultivate and inspire people in our community to get involved in – and to stay involved in – music. Through our one-of-a-kind instrument borrowing program, we lend people the musical instruments they want to play and to give them access to the instructors who will help them learn how to play them.

Currently, The Musary has a wide variety of instruments looking to be played by some up-and-coming musicians. And we would love nothing more than to spread the passion for music of our muse, John, to everyone in our community. Give us a try as we might have exactly what you are looking for.

So if you want to make some noise, then all we have to say is...Play on.

## MEET JOHN

John Ryan Pike is the person you thought couldn't possibly exist. Thankfully for us, he did. And we were lucky enough to have known him, to be inspired by him, and to have loved him. He was the perfect balance of compassion, talent, humor and intelligence all wrapped up in one great package with an infectious smile as a bow.

He passionately pursued all his interests and excelled in many, especially musical composition. He took advantage of every opportunity presented to him and created many of his own along the way, even becoming a founder member of the rock band Ra Ra Riot.

To put it simply, John was a gift. And his sudden and tragic death was felt by an entire community of neighbors, supporters, and fans. Everyone who knew him felt the need to do something in his memory and to share his gift and love of music with his community.

The Musary was founded to celebrate John's life, to pass on his passion for music, and to hopefully inspire others to compose their own dreams.
